KEEP YOUR BUSINESS MOVING WITH RAPID MOBILE SYSTEMS®

RAPID | ON THE GO!®

Rapid On The GO! streamlines communication from dispatch to operators and reduces confusion and misallocation of valuable fleet and operator resources. Paired with the custom-built Rapid GO! Tab®, a rugged and powerful mobile tablet solution, your operators are always a fingertip away.

RAPID ERP®-INTEGRATED: DELIVERS STREAMLINED RESULTS

Managing the logistics of a mobile workforce is resource-intensive and consumes valuable time. With the ERP-integrated Rapid Mobile Systems you can ensure that your fleet is at the right place, at the right time.

- Reduce job-to-invoice time with paperless ticketing and signature capture
- Instant job status updates to dispatchers with the touch of a button
- Business-class mobile messaging, including button-based predefined responses
- Remote monitoring of your GO! Tabs, including battery life and GPS tracking

RAPID ON THE GO!®: DESIGNED TO IMPROVE AGILITY

Rapid On The GO! is designed to connect your in-office workers to your mobile workforce in real-time, increasing productivity and reducing costly communication breakdowns.

- Verify job site location with on-site GPS confirmation for multi-day job routing
- Best-in-class, turn-by-turn directions with Google Maps®
- Paperless digital timecard clocking and work hours tracking
- D.O.T. Hours of Service compliance with electronic logbook

THE RAPID GO! TAB®: BUILT FOR RUGGED PERFORMANCE

Built to survive the rigors of the job site, the Rapid GO! Tab incorporates durability feedback from our customers and industry partners.

- Protective shockproof case with dual batteries ensures the power to work all day
- High-speed cellular data service included with each unit
- Peace of mind with guaranteed replacement of any broken units
- Built-in camera to capture job site pictures and videos with cloud-based storage

OWNER'S GUIDE

- Reduce billing delays with better and faster communication
- Minimize wasted time with a Rapid GO!® integrated workforce
- Make your fleet more agile and responsive

MOBILE WORKFORCE MANAGEMENT SYSTEM DESIGNED, BUILT, AND DELIVERED AS A BACK-OFFICE INTEGRATED SOLUTION.
